Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 20 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A dry night, then a damp and cloudy day Monday.

This Evening and Tonight:
Cloud will gradually break up through the evening, allowing for some clear spells going overnight. Staying dry for most, although Cumbria may see some patchy light rain for a time in the evening. Minimum temperature 9 deg C (48 deg F).

Monday:
A wet start for Cumbria as a band of showery rain, heavy at times, starts moving southwards across the region, reaching southern areas by the afternoon. Feeling cooler than Sunday. Maximum temperature 20 deg C (68 deg F).

Outlook for Tuesday to Thursday:
A cool start on Tuesday, then dry with clearer skies and periods of sunshine. Spells of rain are possible for Wednesday and Thursday, possibly heavy at times. Becoming warmer throughout.
